

Notes for clarification and consideration

- These initial scenarios intend to put on the table as many creative possibilities to best use buildings for making disciples, building communities, and inspiring witness.
- These are initial scenarios. Your Grouping Feedback & Discernment Team may develop / consider additional scenarios it believes are viable and merit discussion.
- Between meetings, pray with the scenarios and process both your emotions and logical reactions.

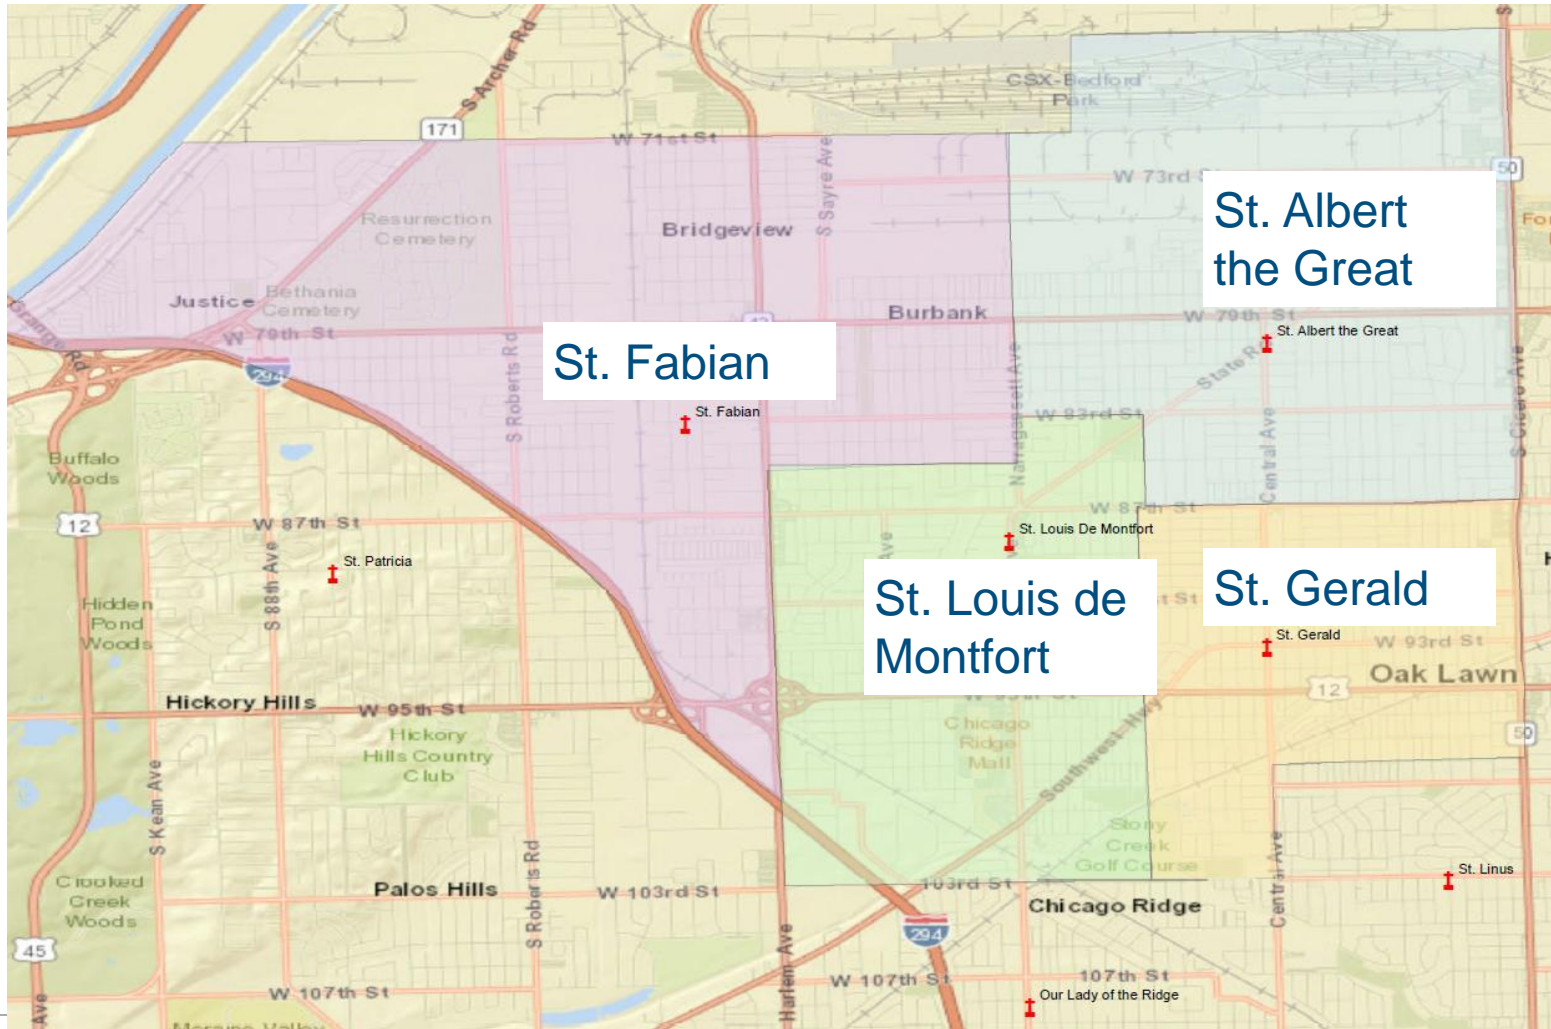

Notes for clarification and consideration

- In any scenario with two or more parishes uniting, one of the churches must be designated the parish church where the sacramental records for the parish would be kept. When multiple churches would continue to host a regular schedule of Mass(es), which church would be designated the parish church is generally not noted in these initial scenarios. Commentary on that issue can be included in your feedback.
- When parishes unite, the assets of each parish uniting together become assets of the united parish.
- Please note school structural changes are not proposed in these scenarios. Opportunities to collaborate and collectively grow the schools are encouraged while maintaining the current programs at their campuses.
